Mendon Highway Department
101 Semmel Road
Honeoye Falls, NY 14472-9755

Town Board Meeting, September 12, 2011
@ Mendon Town Hall

F.Y.I.

1. The fall brush pick up has been tentatively scheduled to begin Tuesday, October 11, 2011. An ad will be place in both the Sentinel and the Penny Saver.

2. The new NYS bid price for road salt during the '11-'12 winter season has been issued. The price at the beginning of the contract will be $43.13/ton. The contract for Monroe County remains in the hands of American Rock Salt. This new price reflects an increase, over last season's starting price, of app. 7.5%.

3. The new NYS bid price for gasoline and diesel fuel has been issued. Last year the starting prices for gasoline and diesel fuel were $2.0166 and $2.2427, respectively. This year they will start at $2.9145 (+44.5%) and $3.0313 (+35.2%), respectively.

4. The County resurfacing project on West Main Street has been completed. West Main Street has a new surface from the 4 corners in the Village to SR 15A.

5. A few County road projects remain to be worked on. These should wind up during September, prior to the brush pick up. We will also be conducting some prep work on Town roads.

6. Preliminary work has started on the sidewalk and wall project at the new library. A Community Development Grant through Monroe County is funding a portion of the project.

Respectfully,

Bud

William E. Smith,
Highway Superintendent
