A new addition at Mendon Ponds Park is Sharon's Sensory Garden. Throughout the United States, sensory gardens are being created too provide persons with disabilities a more suitable opportunity to enjoy nature and the outdoors. Sharon's Sensory Garden is a unique garden for people with visual or physical disabilities. The sensory garden has over 170 feet of plant exposure designed for visitors to touch, tear, and smell the different plants. Sharon's sensory Garden has a diverse selection of plants, highlighting color, texture, fragrances, and form. Flowerbeds are raised and pathways through the garden are properly graded for visitors in wheelchairs. Plant listings and labels are in Braille and raised lettering to help educate visitors. Sharon's Sensory Garden is a wonderful addition to Mendon Ponds Park for everyone to enjoy. The experience of visiting the sensory garden will enhance your enjoyment of nature as well as your awareness of people with disabilities.

The nature center also features "Wild Wings" which is a not-for-profit educational organization that houses and cares for permanently injured birds of prey which are unable to survive on their own in the wild anymore. The mission is to teach environmental stewardship through programs featuring the resident birds of prey as teaching partners. The organization travels with its birds to schools, scout meetings, and many other corporate and private events, and they also host educational programs and hikes at their new facility at Mendon Ponds Park. Times: Saturday, 9:30—11:30 am, November through March

Location: Mendon Ponds Park, Canfield Rd.

Ages: 3—13

Genesee Valley Bill Koch Youth Skiing is New York's premier Cross Country Skiing program for children 13 and under. A function of the Rochester XC Ski Foundation (a 501(c)(3) public charity) and named for Bill Koch, USA's only Olympic medallist in XC Skiing. GVBKYS has "graduated" hundreds of youth skiers since the 1970's. Our alumni range from happy adult ski tourers to national and world-class competitive athletes.

GVBKYS is ready for the 2008/09 XC Ski season and is looking for athletic, outdoor-oriented children to join us skiing this winter. Cross Country Skiing is a great family activity for both winter participation and overall good health. It is also a great competitive outlet for those so inclined.

For 2008/09 there are GVBKYS programs designed to meet the needs of all active families. Our traditional season-long program has been developed into Recreational and Sport Programs, each with two age/ability groups to assure all children a great skiing experience. We also work with parents with limited XC skiing experience to grow into the sport with their children. New for this year is a Children's & Family Lesson Program conducted in partnership with Bristol Mountain. This is a great option for children and families without XC Skiing experience. We also will be conducting a Holiday Ski Racing Camp that is a great choice for Junior High Modified Program skiers looking to take their performance to the next notch.

Skiing starts in early December and continues until March, using RXCSF-supported locations such as Mendon Ponds Park, Harriet Spencer State Recreation Area, and the Bristol Mountain Summit XC facility with snowmaking that virtually guarantees skiing all season long. The Sport groups start preparing for the season in advance with sessions starting in early November. If you are looking to start a healthy, life-long family activity this winter . . . come ski with us!

For detailed GVBKYS program info and registration forms, please check out our website www.xcrichester.com/new/gvbkys. (08)
