

Mendon Highway Department
101 Semmel Road
Honeoye Falls, NY 14472-9755
Town Board Meeting, January 28, 2013
@ Mendon Town Hall

F.Y.I.

1. The claim to the Rochester Water Department for work completed on Plains Road, due to the water main break on SR 251, was denied. The expense to the Town was approximately \$5,000.
2. Trucks have been out several times for salting and plowing. We are still working on last years salt supply, but will need to order salt in the near future. All salt that was stored on the ground, under cover, has been moved to the salt shed.
3. The recent break in the snow fall has allowed the highway department to trim brush on both Town and County roads. The work completed for the County will be rolled into a summer road project.
4. The warm weather at the end of December caused the closing of the skating rink. The recent cold spell allowed the reopening of the rink last Wednesday. Residents are able to check the status of the rink by going to the Highway Department's website.

Respectfully,

William E. Smith,
Highway Superintendent
