

Mendon Highway Department
101 Semmel Road
Honeoye Falls, NY 14472-9755
Town Board Meeting, September 9, 2013
@ Mendon Town Hall

F.Y.I.

1. The Highway Department started the fall brush pick up last Monday.
2. A few small drainage projects remain to be completed on Town and County roads. Once completed, the preparations for winter will begin in earnest.
3. The public, while entering and exiting the Library parking lot, was driving over small dirt areas. The intent was that grass would grow, but the traffic prevented that. The dirt areas were removed by highway workers and replaced with blacktop.
- 4.

Respectfully,

William E. Smith,
Highway Superintendent
