

Mendon Highway Department  
101 Semmel Road  
Honeoye Falls, NY 14472-9755  
Town Board Meeting, November 10, 2014  
@ Mendon Town Hall

F.Y.I.

1. We were able to get the County's road widener. We were able to complete most of the shoulder work on both Town and County roads. Of the 2 County wideners, one has been down most of the summer for repairs, making this one very popular. If the weather holds, we may be able to utilize the widener again on Parrish Road.
2. Wednesday, we plan to start the drainage work for the school. This should alleviate some of the drainage problems some residents are experiencing on Church Street. Labor and material expenses will be reimbursed to the Town.
3. The Hamlet flags and banners will be removed. The military banners will again remain up till after December 7.
4. A few trucks have been calibrated for salt distribution. We will also be installing the delineators and snow fence in coming days. We install approximately 1250 delineators and 4 miles of snow fence each season.
5. The nets have been removed from the tennis courts at Mendon Center Park in preparation for closing the park for the winter. The nets at Semmel Road Park will remain up as long as possible. We will be closing the Great Bend Park for the winter.

Respectfully,

William E. Smith,  
Highway Superintendent
