

Mendon Highway Department
101 Semmel Road
Honeoye Falls, NY 14472-9755
Town Board Meeting, May 12, 2014
@ Mendon Town Hall

F.Y.I.

1. The spring brush pick up commenced on Thursday, May 1, 2014.
2. The highway department has received one of the replacement pickup trucks. This is the Ford F-350 w/ flatbed hoist. The vehicle is a replacement for Truck #4 that was taken to the Palmyra municipal auction. The remaining 2 pickup trucks should not be far behind.
3. The preparation of the parks and playing fields is well under way. Some teams have already begun play on the fields.
4. Highway employees worked with the Village DPW on a paving project. The Town supplied 2 dump trucks for the milling; and the roller and 3 dump trucks for paving. Personnel were also provided for the project. As in the past, the Village will only be billed for the personnel cost.
5. The Palmyra municipal auction was this past Saturday. Three pickup trucks, a zero turn mower, and one dump truck were consigned to the auction along with several box lots.

Respectfully,

William E. Smith,
Highway Superintendent
