

Mendon Highway Department
101 Semmel Road
Honeoye Falls, NY 14472-9755
Town Board Meeting, June 9, 2014
@ Mendon Town Hall

F.Y.I.

1. The spring brush pick up finished up on Wednesday, May 28, 2014.
2. Attended the Highway Superintendents' school at Cornell last week. The school proved to be very informative. Training sessions dealt with such issues as violence in the workplace, maintaining positive work attitudes, paving, highway safety, highway right of ways, and legal/regulatory issues.
3. Once the brush pick up was completed we moved right into our road and drainage work on both Town and County roads. It appears the summer will be very busy. After reviewing the roads after the winter, it appears that we will be requesting some changes to are plans. At the next board meeting, we will be requesting some changes.
4. The mechanics traveled to Watertown to review the installation of the box, plow, and wing on the new Kenworth chassis. The review is to insure that the installation meets our specs. Last Friday the truck was delivered back to Kenworth of Rochester. Final preparations will be made and delivery should be imminent.

Respectfully,

William E. Smith,
Highway Superintendent
