

Mendon Highway Department
101 Semmel Road
Honeoye Falls, NY 14472-9755

Town Board Meeting, July 18, 2011
@ Mendon Town Hall

F.Y.I.

1. The work on Huntington Heights is nearing completion. The road was in much worst shape than what appeared on the surface. The road needed extensive drainage work to try and carry water away from the road. A coating of stone and oil should complete the project.
2. Some of the lettering on the Community Center sign was starting to peel off. The sign will be replaced in app. 1 week. A quote has been received for a sign commemorating Florence Driesbach at the soccer fields (DRIESBACH FIELDS). A quote from another vendor has been requested for comparison.
3. The results of partying at the Mendon Station area and the cul-de-sac area of High Country Trail have been observed. The Monroe County Sheriff's Office has been contacted and a request for additional patrols in the area have been requested.
4. The roof of the old library has developed another leak. A determination will have to be made as to the type of repairs to be made and how much money is available for repairs.

Respectfully,

William E. Smith,
Highway Superintendent
