

Mendon Highway Department
101 Semmel Road
Honeoye Falls, NY 14472-9755

Town Board Meeting, August 8, 2011
@ Mendon Town Hall

F.Y.I.

1. A good deal of time this past month was spent surface treating Mendon, Rush, and Monroe County roads. We will be starting work on West Main Street, in the Village, around August 17th. A surface treatment of stone and oil was placed on
 - Stoney Lonesome Road, between Quaker Meeting House Rd. and Clover Street;
 - Mendon Center Road, between SR 251 and Sheldon Road;
 - Cole Road, between Mile Square Rd. and SR 64;
 - Probst Rd., between Mile Square Rd. and the Victor town line;
 - Royal Hunt, Probst Rd. to the cul-de-sac;
 - Main Street Fishers, between Mile Square Rd. and the Victor town line.
2. The new sign for the Community Center has been installed with new posts.
3. The new dump truck chassis has arrived in Rochester. Some minor upgrades will be completed by the local dealer. The chassis will then head for Watertown for the fitting of the box, plow, and salter. If all goes well, we should receive the completed truck towards the end of September.
- 4.

Respectfully,

William E. Smith,
Highway Superintendent
