1. The skating rink has been installed. Now it will be up to mother nature to provide the cold temperatures for ice. Our thanks to the FD for flooding the rink.
2. The somewhat mild winter has allowed Highway personnel trim trees and brush along Town roads.
3. Personnel have also started picking up discarded Christmas tree along the roads. While it is not our policy to pick up trees, crews do pick them up if time allows. During harsh winters, we do not have the time to pick them up and they remain along the road. As with all brush, residents are welcome to bring their trees to the highway department.

Respectfully,

William E. Smith,
Highway Superintendent
